## DREAM WATERFRONT PARCEL OF LAND IN PLATINUM LOCATION

Last time the listing agent checked the register no more absolute water-front land in executive homes areas was being made - so it stands to reason the rarity of this offering cannot be understated!

Arguably the best block in the strip due to the panoramic views and relative flatness if you are looking for a dream location to build your superlative executive home this is an allotment not to be overlooked!

Call Angelina to discuss this sublime and rare offering today.
